No one remedy is bonder called for by the necessities of the American people that a sure and and care for Keyer and Age. Such a temoty we are now enabled to offer, with a perfect cylindry that it will read and the discover and with measurance, founded on proof, that to harm can arise from its use in any quantity.

That which pretent from or prevents the discovere must be of immense service in the communities where it prevails. Prevention is before that cure, for the patient escapes the risk which be must run in violent attacks of this baleful distensers. This "Crum" expels the missistensers.

he must run in violent stacks of this balleful distensper. This "Ccur" expels the minimate poison of Freen and Auto from the system, and provents the development of the discosa, if taken on the first approach of its premoditory symptoms. It is not only the best remedy over yet the covered for this class of complains, but also the cleapers. The large quantity we supply fee a dollar brings it within the rach of every body; and in billions district, where Persua Avri Autor provails, every body should have it, and not it reeds, both for cure and protection. It is larged this price will place it within the reach of all—the poor as well as the rich. A great superiority of this sensity over any other ever discovered for the speedy and certain, cure of Intermittents is, that it contains no Quinine or mineral, consequently it produces ne quinism or other injurious affects whetevor upon the constitution. Those cured by it are left as bealthy as if they had nover had the dis-

left as beatthy as if they had never had the discense.

Eever and Ague is not alone the consequence of the miasmanic poison. A great variety of disorders arise from its irritation, among which are Neuralgia, Bhaumanian, Gons, Headache, Blindenses, Toothache, Easnebe, Catarrh, Aathma, Palphanton, Painini Affection of the Spicon, Hydrasian, Pain in the Bowels, Colic, Paralysis, and Decampement of the Stomach, all of Which, when originating in this cause, put on the intermittent type, or become periodical. This "Ctura" expels the poison from the isleed, and consequently cures them all alike. It is an invaluable protection to immigrants, and persons travelling or temporarily residing in the materious districts. If taken occasionally, or daily, while exposed to the infaction, that will be exercised from the system, and cannot accumulate in anticional quantity to riper into disease. Honce it is even more valuable for protection than cure, and few will ever suffer from Intermittents, if they avail themselves of the protection than cure, and few will ever suffer from Intermittents, if they avail themselves of the protection this remedy affords.
